

# Frequently Asked Questions

Customer Support Knowledge Base

Document Code: FAQ-SUP-014 | Version 3.2 | Atman Cloud Consultancy

***Q: How do I reset my password?***

A: Go to the login page and click 'Forgot password'. A reset link is emailed to your registered address and expires after 24 hours.

***Q: Can I change my billing cycle from monthly to annual?***

A: Yes. Go to Account > Billing > Plan and select 'Switch to annual'. The change takes effect at the start of your next billing cycle; no partial refund is issued for the current month.

***Q: What happens to my data if I cancel my subscription?***

A: Your data is retained in a read-only state for 90 days after cancellation, after which it is permanently deleted. You can export your data at any time during this window from Account > Export.

***Q: Is two-factor authentication required?***

A: 2FA is optional for Free and Standard tier accounts but mandatory for all Enterprise tier accounts and any account with admin-level permissions.

***Q: Do you offer a student or nonprofit discount?***

A: Yes, verified students and registered nonprofits receive 40% off the Standard plan. Apply at [atmancloud.com/discounts](https://atmancloud.com/discounts) with proof of eligibility.

***Q: Why is my upload speed slower than expected?***

A: Upload speed depends on your local connection and the destination region. Try selecting a closer region under Settings > Data Region, or check Settings > Network for bandwidth throttling.

***Q: Can I share a folder with someone outside my organization?***

A: Yes, via a shareable link with optional password protection and expiration date. External sharing can be disabled organization-wide by an admin under Settings > Security.

***Q: What file types are not supported for preview?***

A: Preview is unavailable for encrypted archives, proprietary CAD formats, and files larger than 500MB. These can still be uploaded and downloaded normally, just not previewed in-browser.
