## 1. Plan Pricing

| Tier       | Monthly Price       | Storage Included | Users     |
|------------|---------------------|------------------|-----------|
| Free       | \$0                 | 5 GB             | 1         |
| Standard   | \$12 / user / month | 500 GB pooled    | Up to 25  |
| Enterprise | Custom              | Unlimited        | Unlimited |

Annual billing receives a 15% discount versus monthly billing on the Standard tier. Enterprise pricing is negotiated per contract and includes a dedicated account manager.

## 2. Overage Charges

Standard tier accounts exceeding pooled storage are charged \$0.08/GB/month for overage, billed at the end of the cycle. Free tier accounts are hard-capped and uploads are blocked at 5GB until storage is freed or the account is upgraded.

## 3. Service Level Agreement (SLA)

| Tier       | Uptime Guarantee          | Support Response Time                |
|------------|---------------------------|--------------------------------------|
| Free       | Best effort, no guarantee | No SLA — community forum only        |
| Standard   | 99.5% monthly uptime      | Next business day, email support     |
| Enterprise | 99.95% monthly uptime     | 1 hour for Sev-1, 24/7 phone + email |

## 4. SLA Credits

If Atman Cloud fails to meet the uptime guarantee for a Standard or Enterprise account in a given month, customers are eligible for service credits: 5% of that month's fee per 0.1% below the guaranteed uptime, capped at 30% of the monthly fee. Credits must be requested within 30 days of the shortfall via a support ticket and are applied to the following month's invoice; they are not issued as cash refunds.

## 5. Cancellation & Refunds

Monthly plans can be cancelled at any time and remain active until the end of the current billing cycle; no partial-month refunds are issued. Annual plans cancelled within the first 14 days receive a full refund; after 14 days, annual plans are non-refundable but can still be cancelled to stop future renewal.
